

Show us your style. We'll bring it home.

At Mans Kitchen, Bath, and Flooring, we deliver an exceptional customer experience. Meaningful dialogue and understanding our clients' goals are at the forefront of our design process. Creating spaces that are beautiful and functional for many years to come, is our purpose.

Consultation

- ✓ Discuss personal style, view inspiration photos, prioritize your needs, wants, and investment.
- ✓ Review the floor plan with rough measurements and adjacent rooms.

This allows us to match your style with the most functional use of your space.

Design Development

- ✓ Provide preliminary design renderings and clarify selections.
- ✓ Gather feedback, note changes for revisions.
- ✓ Accept deposit and schedule home visit for measurements and space evaluation.

Your space is unique. We will work together to refine the details to ensure the design works for your lifestyle.

Design Presentation

- ✓ Share 3-D renderings and layouts to help you visualize the space.
- ✓ Review the scope of work, timeline, and payment plan. Sign the agreement.

Reviewing the details together ensures accuracy and contributes to a positive remodeling experience.

Delivery and Follow Up

Throughout the process, we will communicate and follow up with you to make sure you are satisfied with the results. Our greatest success is measured by the satisfaction you feel when your project is complete, and the joy you experience within your new space.
